Complete coverage for your Subaru Legacy (10-16) & Forester (09-16):

The saga of the greatest tornado chaser who ever lived: a tale of obsession and daring and an extraordinary account of humanity's high-stakes race to understand nature's fiercest phenomenon from Brantley Hargrove, "one of today's great science writers" (The Washington Post). At the turn of the twenty-first century, the tornado was one of the last true mysteries of the modern world. It was a monster that ravaged the American heartland a thousand times each year, yet science's every effort to divine its inner workings had ended in failure. Researchers all but gave up, until the arrival of an outsider. In a field of PhDs, Tim Samaras didn't attend a day of college in his life. He chased storms with brilliant tools of his own invention and pushed closer to the tornado than anyone else ever dared. When he achieved what meteorologists had deemed impossible, it was as if he had snatched the fire of the gods. Yet even as he transformed the field, Samaras kept on pushing. As his ambitions grew, so did the risks. And when he finally met his match—in a faceoff against the largest tornado ever recorded—it upended everything he thought he knew. Brantley Hargrove delivers a "cinematically thrilling and scientifically wonky" (Outside) tale, chronicling the life of Tim Samaras in all its triumph and tragedy. Hargrove takes readers inside the thrill of the chase, the captivating science of tornadoes, and the remarkable character of a man who walked the line between life and death in pursuit of knowledge. The Man Who Caught the Storm is an "adrenaline rush of a tornado chase...Readers from all across the spectrum will enjoy this" (Library Journal, starred review) unforgettable exploration of obsession and the extremes of the natural world.

This is an important collection of papers written by various experts in their selected fields. Both as to the range of topics dealt with as well as the academic calibre of the contributors, the volume is an invaluable one. It is a comprehensive and significant addition to enrich our understanding of India and its political, socio-economic development and resultant changes in the society in a proper perspective. The book is divided into four sections. The first section is devoted to Dr. V.K. Sukumar Nair, a distinguished son of Kerala to

Toyota's legendary FJ40, the rugged off-road two-door Landcruiser introduced in 1960, sold more than one million models in its lifetime--and is still in service in the roughest parts of the world, nearly a quarter of a century after the last one rolled off the assembly line. As Toyota prepares to roll out its new version of this classic, this book offers a close-up, behind-the-scenes look at the development and production of the new FJ Cruiser, a retro 4x4 that combines its famous predecessor's unparalleled style with solid off-road capabilities and all the convenience and comfort that today's technology offers. With interviews from the designers, engineers, and executives involved in making the FJ Cruiser, as well as more than 150 photos of the new vehicle and details on the 4x4's specifications, this book puts readers into the driver's seat of Toyota's next classic Cruiser.

Since its introduction in 1997, the Porsche Boxster has earned a reputation as one of the world's greatest sports cars, as well as a huge, loyal following of devoted drivers. This book is aimed at those owners of Boxsters who want to improve their machines while avoiding thousands of dollars in mechanic's costs. Clearly and simply written, with straightforward illustrations, this manual offers 101 projects to help you modify, maintain, and enhance your Porsche. Focusing on the 986 and 987 Boxster models, 101 Projects for Your Porsche Boxster presents all the necessary information, associated costs, and pitfalls to avoid when performing a wide array of projects. In a word, it makes owning a Porsche Boxster an unqualified thrill.

By design, Volume One is of an introductory nature, which will help lay the foundation for the path ahead, and explain a bit more about where we're going.
