The Big Bang theory is an effort to explain what happened at the very beginning of our universe. Discoveries in astronomy and physics have shown beyond a reasonable doubt that our universe did in fact have a beginning. Prior to that moment there was nothing; during and after that moment there was something: our universe.

revisit the past but direct their energies towards history's non-events and anti-heroic subjectivities. Debarchana Baruah offers a vocabulary to discuss these, using *Mad Men* as a primary case study and supplementing the analysis with other examples from the US and around the world. She takes a fundamentally interdisciplinary approach to studying film and television, drawing from history, memory, and nostalgia discourses, and layering them with theories of intertextuality, paratexts, and actor-networks. The book's compositions style invites discussions from scholars of various fields, as well as those who are
