Captured Landscape Paradox Enclosed Garden

The enclosed garden, or hortus conclusus, is a place where architecture, architectural elements, and landscape, come together. It has a long history, ranging from the paradise garden and cloister, the botanic garden and the giardino segreto , the kitchen garden and the stage for social display, to its many modern forms; the city retreat, the redemptive garden, and the deconstructed building.

Captured Landscape: The Paradox of the Enclosed Garden ...

In Captured Landscapes: The Paradox of the Enclosed Garden, British architect Kate Baker explores the history and evolution of the enclosed garden, also known as hortus conclusus . Mediating between the built and natural world the enclosed garden contains both architectural and horticultural elements – a hybrid between a building and a landscape. Integrating the inner and outer world, the enclosed garden is an ambiguous space.
