The universal experience for most high school students is learning to drive and getting their driver's license. Add breathlessly plotted romance and an accident and you have a poignant and realistic novel. Remy Martin prays to the God of Driver's Education that she will get to drive today. She doesn't know where she's going, but she knows one thing . . . she is going to get there fast. Morgan Campbell had been standing on the threshold of 16 and getting his driver's license ever since he could remember. But deep into the first crush of his life, thinking of nothing but girls, Morgan forgot what driving was all about. This poignant novel about responsibility and consequences is as convincing as it is irresistible.

Another classic from the author of the internationally bestselling *The Outsiders* Continue celebrating 50 years of *The Outsiders* by reading this companion novel. That Was Then, This is Now is S. This teaching edition of Charles W. Chesnut's 1901 novel about racial conflict in a Southern town features an extensive selection of materials that place the work in its historical context. Organized thematically, these materials explore caste, gender, and race after Reconstruction: postbellum laws and lynching; the 1898 Wilmington riot upon which the narrative is based; and the fin de siecle culture of segregation. The thematic sections are rich with documents such as letters, photographs, editorials, speeches, legal decisions, journalism, and essays from leading periodicals of the era. The writers represented include such well-known figures as W. E. B. DuBois, Booker T. Washington, and Charlotte Perkins Gilman, as well as fascinating, half-forgotten characters like the black newspaper editor Alexander Manly and the white supremacist Thomas Dixon. The editors' introductions and selection headnotes provide additional background for understanding the mythology of race and Chesnut's penetrating examination of its mechanisms and consequences.

It's graduation day for sixteen-year-old Malencia Vale, and the entire Five Lakes Colony (the former Great Lakes) is celebrating. All Cia can think about—hope for—is whether she'll be chosen for The Testing, a United Commonwealth program that selects the best and brightest new graduates to become possible leaders of the slowly revitalizing post-war civilization. When Cia is chosen, her father finally tells her about his own nightmarish half-memories of The Testing. Armed with his dire warnings ("Cia, trust no one"), she bravely heads off to Tosu City, far away from friends and family, perhaps forever. Danger, romance—and sheer terror—await.

These leading voices ask whether that punishment is effective and what its societal role might be.
