eMachines

eMachines was a brand of economical personal computers. In 2004, it was acquired by Gateway, Inc., which was in turn acquired by Acer Inc. in 2007. The eMachines brand was discontinued in 2013. History. eMachines was founded in September 1998 by Lap Shun Hui as a joint venture of South Korean companies Korea Data Systems and TriGem. The company sold PCs at prices of \$399 or \$499, all without a ...

If your eMachines computer is plagued by such glitches as frozen screens or file errors, a simple reset may help kick it back in gear. Fortunately, the machine is equipped with two tools -- system refresh and system restore-- that can help eliminate these problems and get things in working order again. For more complex problems or to prep it for a new owner, however, it may be a better idea to ...

How to Restore My eMachines to Factory Without a Disc ...

eMachines (now-defunct) Gateway, Inc. , previously Gateway 2000 , was an American computer hardware company. The company develops, manufactures, supports, and markets a wide range of personal computers , computer monitors , servers , and computer accessories.
