An analysis of labour internationalism that explores in depth the experience of the Southern Initiative on Globalisation and Trade Union Rights (SIGTUR). This book will interest anyone concerned with the role of labour in the global economy, economic justice, global social movements, and internationalism.

Focusing on the labour management strategies of the Hyundai Business Group, this important new study argues that historical analysis is essential for a complete understanding of the dynamics of South Korean industrial relations.

This important new study argues that an historical analysis of the labour-management policies of the Korean family conglomerates, or chaebol, is essential for a complete understanding of the dynamics of South Korean industrial relations. Focusing on the labour-management strategies of the Hyundai Business Group, the book offers a new perspective on the Asian 'tiger' economy.

The automobile sector is one of the most archetypal global industries and is seen by many as one of the main drivers behind the homogenisation of world markets due to firms' internationalization strategies and the social practices that firms impose. This book argues that this is not entirely the case due to the heterogeneity of firms and the diversity of strategies pursued. It highlights the diversity and forms of internationalization and the preference for regionalization rather than globalization that has occurred over the past decade. This book looks specifically at the American and Asian car industry.

The stakes are high and real. Money is spent. Personnel are committed in a battle for the triumph or downfall of a company. Yet, given the same circumstances, some companies continue to thrive while others wash out and become also-rans. In the end, it is the dynamics of the competitive marketplace, the quality of the organization's business plan, and the ability to successfully implement strategies, that validate and ensure a company's existence. *Mastering the Rules of Competitive Strategy: A Resource Guide for Managers* blends selected historical lessons with modern business practice to provide a solid platform on which to understand, develop, and apply competitive business strategies. It identifies

commonalities in culture and strategy among businesses that have successfully adapted to changing marketplaces and emerging competitors. The author defines nine distinct rules of strategy to implement in your own company to achieve the same level of success. Each rule or chapter is supported with real-company examples, quick-tip guidelines, and applications. Each includes a Strategy Diagnostic Tool to provide a reliable performance measure that supports you in building, evaluating, and monitoring your business strategies. The book emphasizes developing your ability to think and act like a strategist. An outline of a Strategic Business Plan in the Appendix provides a starting place for developing your strategies, as well as a format for presenting your ideas to management. By deliberately and systematically following these nine enduring rules of competitive strategy you will overcome obstacles that have crushed other businesses. Integrating them into your business plans can increase your chances of triumphing over rivals who are looking to oust you from the marketplace.

As firms from East Asia gain global market share they are stirring trade disputes with import-competing firms in the West. Jessica Liao analyzes the role played by government-business collaboration in determining how effective East Asian governments are in helping their exporters gain an edge over western competitors through WTO litigation.

In 1959 South Korea was mired in poverty. By 1979, it had a powerful industrial economy and a vibrant civil society that led to democracy eight years later. This volume examines the transformation as a study in the politics of modernization, contextualizing many historical ambiguities in South Korea's trajectory toward sustainable economic growth.
