Completely revised new editions of the market-leading Biology textbooks for HL and SL, written for the new 2014 Science IB Diploma curriculum. Now with an accompanying four-year student access to an enhanced eText, containing simulations, animations, worked solutions, videos and much more. The enhanced eText is also available to buy separately and works on desktops and tablets. Follows the organizational structure of the new Biology guide, with a focus on the Essential Ideas, Understanding, Applications & Skills for complete syllabus-matching. Written by the highly experienced IB author team of Alan Damon, Randy McGonegal, Patricia Tosto and William Ward, you can be confident that you and your students have all the resources you will need for the new Biology curriculum. Features: Nature of Science and ToK boxes throughout the text ensure an embedding of these core considerations and promote concept-based learning. Applications of the subject through everyday examples are described in utilization boxes, as well as brief descriptions of related industries, to help highlight the relevance and context of what is being learned. Differentiation is offered in the Challenge Yourself exercises and activities, along with guidance and support for laboratory work on the page and online. Exam-style assessment opportunities are provided from real past papers, along with hints for success in the exams, and guidance on how to avoid common pitfalls. Clear links are made to the Learner profile and the IB core values. Table of Contents: Cell Biology Molecular Biology Genetics Ecology Evolution and Biodiversity Human Physiology Nucleic Acids Metabolism, Cell Respiration and Photosynthesis Plant Biology Genetics and Evolution Animal Physiology Option A: Neurobiology and Behaviour Option B: Biotechnology and Bioinformatics Option C: Ecology and Conservation Option D: Human Physiology ToK Chapter Maths and IT Skills Chapter

"Biology for NGSS has been specifically written to meet the high school life science requirements of the Next Generation Science Standards (NGSS)."--Back cover.

This new edition marks a major content revision to address the new IB Biology curriculum starting early 2015.Each model answer booklet provides suggested answers to all the activities in the workbook. Where appropriate extra explanatory detail is provided.

This text offers an in-depth analysis of all topics covered in the IB syllabus, preparing students with the skills needed to succeed in the examination. Features include: clearly stated learning objectives at the start of each section; quick questions throughout each chapter and accessible language for students at all levels.

BIOZONE's new VCE Biology: Units 1&2 is dedicated to complete coverage of the VCE Biology Study Design (2022-2026). Now in FULL COLOUR, both VCE titles will also be supported with teacher-controlled access to online model answers, making student self-marking and review easy.

The most comprehensive coverage of the new 2014 syllabus for both SL and HL, this completely revised edition gives you unrivalled support for the new concept-based approach to learning, the Nature of Science. The only DP Biology resource that includes support straight from the IB, integrated exam work helps you maximize achievement.

Ensure students can aim for their best grade with the help of accurate and accessible notes, expert advice, and exam-style questions on each key topic. - Builds revision skills through a range of strategies and detailed expert advice - Covers all the knowledge with concise, clear explanations of all the syllabus requirements and topics - Demonstrates what is required to get the best grades with tips, sample questions and model answers Answers are free online at www.hoddereducation.com/IBextras
