INFJ vs INFP: How INFJs Differ From, INFPs. Out of all the Myer-Briggs personality types, INFPs and INFJs are the most commonly mistaken for each other. Superficially they do appear to have similar characteristics, but in actual fact, they are very different personality types. You only have to look at their individual functional stacks to see how different the INFJ is to the INFP; and that they don't actually share any functions.

INFP vs INFJ (Complete Guide) - Jung & Myers & Briggs

On the surface, the INFJ and INFP personalities appear very similar. These two introverted Myers-Briggs personality types are both creative, idealistic, and focused on helping others. But in other ways, they're practically opposites. In fact, they don't share any cognitive functions. In MBTI personality theory, one letter can make a big difference.

The feeling bias that the INFP personality type has, combined with our preference for intuition and introversion, makes us very romantic. The preference for feeling makes relationships very important to us, while our introversion means we don't easily relate to people and look for long-term, exclusive bonds.

One consequence of the popularity of the MBTI is that it has become increasingly detached from psychological type theory - often to the detriment of the individuals whom it is intended to benefit. Reconnecting the MBTI to type theory has critical practical implications and applications. In this regard, the overall goal of this edition is identical to that of the two editions that preceded it, and indeed to that of the Indicator itself: to make the theory of psychological types described by Jung understandable and useful in people's lives.

In this groundbreaking analysis of personality type, bestselling author of *Better Than Before* and *The Happiness Project* Gretchen Rubin reveals the one simple question that will transform what you do at home, at work, and in life. During her multibook investigation into understanding human nature, Gretchen Rubin realized that by asking the seemingly dry question "How do I respond to expectations?" we gain explosive self-knowledge. She discovered that based on their answer, people fit into Four Tendencies: Upholders, Questioners, Obligers, and Rebels. Our Tendency shapes every aspect of our behavior, so using this framework allows us to make better decisions, meet deadlines, suffer less stress, and engage more effectively. More than 600,000 people have taken her online quiz, and managers, doctors, teachers, spouses, and parents already use the framework to help people make significant, lasting change. The Four Tendencies hold practical answers if you've ever thought: • People can rely on me, but I can't rely on myself. • How can I help someone to follow good advice? • People say I ask too many questions. • How do I work with someone who refuses to do what I ask—or who keeps telling me what to do? With sharp insight, compelling research, and hilarious examples, *The Four Tendencies* will help you get happier, healthier, more productive, and more creative. It's far easier to succeed when you know what works for you.
