Struggling to survive in El Salvador after her daughter Magdalena's death, Latina and her other daughter Crista discover secrets involving Magdalena's death and her grandson's birth when a girl named Lluvia arrives six years later.

This is a passionate love story; love between a man and two women, between father and son, and something even more demanding- a love of freedom.

The fall of the Berlin Wall, symbol of the bipolar order that emerged after World War II, seemed to inaugurate an age of ever fewer borders. opened in the contemporary world, does not mean that they will resolve any problems. His geopolitical history and analysis of the phenomenon draws our attention to the ground shifting under our feet in the present and allows us to speculate on what might happen in the future.

Set against the lush backdrop of rural El Salvador at the turn of the century, Claudia Lars' richly evocative memoir is a simple, yet profound tribute to the folklore, customs, and traditions of her people. It is a lyrical exaltation of her land's beauty, brimming with warm, vibrant imagery. Born to an Irish-American father and a Salvadoran mother, Lars takes readers on an enchanting journey that celebrates her dual heritage and reveals, with innocence and charm, the gradual self-awareness of a child who, from a very young age, was endowed with the soul of a poet. *Land of Childhood* was first published in El Salvador in 1958. Currently in its seventeenth edition, it is an award-winning book that has become a beloved national classic as well as required reading for students in secondary schools and university classrooms.

A former rural schoolteacher gives an account of a village (fictitious name) and villagers destroyed by elements of the Guatemalan army in search of revolutionaries and guerrillas.

With a vigor and passion rarely found in a scholarly text, Manlio Bellomo has written a broad history of the western European legal tradition. It is now made available to an English-speaking audience in an elegant and lucid translation from the original Italian.
