In Starship Eternal, however, I think there were maybe three or four references to actual distance measurements in the entire book. Further, when combat occurs, it sounds like ships are waiting until they're right on top of each other before firing.

Starship Eternal Summary. Captain Mitchell "Ares" Williams is a Space Marine and the hero of the Battle for Liberty, whose Shot Heard 'Round the Universe saved the planet from a nearly unstoppable war machine. He's handsome, charismatic, and the perfect poster boy to help the military drive enlistment. Pulled from the war and thrown into the spotlight, he's as efficient at charming the media and bedding beautiful celebrities as he was at shooting down enemy starfighters.

## **War Eternal Series Audiobooks | Audible.co.uk**

Starship Eternal has some time travel elements, but they are more conceptual than actual. Most of the action is real time and no one is jumping forward or backward at will. The novel is more of a high-tech military story with plenty of fighting action and military situations, brain implants, medical nano-bots, lasers and force fields.

- Captain Mitchell "Ares" Williams is a Space Marine and the hero of the Battle for Liberty, whose Shot Heard 'Round the Universe saved the planet from a nearly unstoppable war machine. He's handsome, charismatic, and the perfect poster boy to help the military drive enlistment. Pulled from the war and thrown into the spotlight, he's as efficient at charming the media and bedding beautiful celebrities as he was at shooting down enemy starfighters. After an assassination attempt leaves Mitchell critically wounded, he begins to suffer from strange hallucinations that carry a chilling and oddly familiar warning: They are coming. Find the Goliath or

# File Type PDF Starship Eternal War Eternal Book 1

humankind will be destroyed. Convinced that the visions are a side-effect of his injuries, he tries to ignore them, only to learn that he may not be as crazy as he thinks. The enemy is real and closer than he imagined, and they'll do whatever it takes to prevent him from rediscovering the centuries lost starship. Narrowly escaping capture, out of time and out of air, Mitchell lands at the mercy of the Riggers - a ragtag crew of former commandos who patrol the lawless outer reaches of the galaxy. Guided by a captain with a reputation for cold-blooded murder, they're dangerous, immoral, and possibly insane. They may also be humanity's last hope for survival in a war that has raged beyond eternity.

An ancient starship discovered... An eternal enemy revealed... An impossible mission to save humankind... The Goliath has been discovered, the first of its secrets revealed. Now the race is on for Captain Mitchell Williams and his crew to return to Liberty and recover Origin's lost memories before the enemy can complete its violent conquest. It's a mission with a near-zero chance of success. A mission that only the Riggers would be crazy enough to accept, and skilled enough to survive. A mission that will test the limits of Mitchell's mind, body, and soul, and force him to make an impossible choice that could cost the lives of millions. This is war, and if he can't win

a battle for a single planet, how can he possibly change the outcome of a conflict that has raged beyond eternity?

Sheriff Hayden Duke was born on the Starship Pilgrim, and expects to die there. Access points to the ship's controls are sealed, and systems that guide her are out of reach. It isn't perfect, but he has all he needs to be content- until his wife disappears. The only clue is a bloody hand print beneath a hatch that hasn't opened in hundreds of years.

In the year 2050, Earth makes first contact. By 2052, the war is over. We lose. Our last hope for survival rests inside a massive hangar hidden within the Rocky Mountains. Pioneer is the largest starship ever constructed. A marvel of human ingenuity and the apex of our technological know-how, she's ready to embark on a long journey across the final frontier in search of a new world to call home. But space is full of danger. And some problems are hard to leave behind... If you're a fan of Battlestar Galactica, Star Trek, Aliens, or The Expanse, you'll love Exodus - the latest sci-fi epic from million-selling author M.R. Forbes.

"Del Rey book." Battling the Taurans in space was one problem as Private William Mandella worked his way up the ranks to major. In spanning the stars, he aged only months while Earth aged centuries.

# File Type PDF Starship Eternal War Eternal Book 1

A starship lost. A creator found. A frantic race to save them both. For Colonel Mitchell "Ares" Williams, there is no giving up. There is no going back. The Goliath may have fallen into enemy hands, but the war must go on. After all, he and the Riggers have what they need to locate the Creator, the man responsible for the alien threat and the key to unraveling their unstoppable attack. All they have to do is get to him before the Tetron do. It's no easy task, but nothing about the war has ever been easy, and the Riggers still have a few tricks left up their sleeves.

In the year 2280, an alien fleet attacked the Earth. Their weapons were unstoppable, their defenses unbreakable. Our technology was inferior, our militaries overwhelmed. Only one starship escaped before civilization fell. Earth was lost. It was never forgotten. Fifty-two years have passed. A message from home has been received. The time to fight for what is ours has come. Welcome to the rebellion.

New from million-copy bestseller M.R. Forbes. One man's epic story of loyalty, perseverance, and hope in a galaxy at war. Alliance Navy Commander Grayson Stone is patrolling a nearby space station when a mysterious starship appears. It emerges from a storm of fire, its shields impenetrable,

# File Type PDF Starship Eternal War Eternal Book 1

its weapons overwhelming, attacking without provocation and annihilating everything in its path. While his ship is badly damaged in the assault, Grayson manages to survive. Suddenly trapped behind the front line of the invasion, faced with gut-wrenching choices and near-impossible odds, he'll do whatever it takes to escape the grasp of the terrifying new enemy and send warning back home. Because if he fails, humankind will fall.

In the twenty-fourth century, technology has cracked the secret inner workings of the human mind wide open. Memories are only as persistent as the timestamp with which they're written, while human consciousness can be saved to a storage device the size of a quarter and temporarily imprinted on another person's brain stem in order to gain control. The possibilities are endless. As a member of Special Investigations, Cassidy is nearing his fiftieth imprint. Male, female, young or old, the tenet is always the same. Borrow the repo, do the job, clean up the loose ends and don't corrupt. After seventy years in the department, he thinks he's seen it all. He's never seen anything like this. Waking up illegally imprinted and sent to hunt a dangerous fugitive is just the start. Cassidy's about to learn that the world he knows isn't what it seems... Nothing is.

# File Type PDF Starship Eternal War Eternal Book 1

novel by American writer Edgar Rice Burroughs. The novel consists of two novellas, "Adventure on Poloda" and "Tangor Returns", written quickly in late 1940. The first was published in The Blue Book Magazine in 1942, but the second did not see publication until 1964 when it was featured in Tales of Three Planets along with "The Resurrection of Jimber-Jaw" and The Wizard of Venus. Burroughs likely intended Beyond the Farthest Star to be the opening of a new series comparable to the Barsoom or Pellucidar sequences, but declining health and Burroughs's World War II service as a war correspondent prevented this from happening. However, the story saw new life in 1972, when it was adapted by comics writer Marv Wolfman and artist Dan Green as one of the back-ups in DC Comics' version of the Tarzan comic book; the story itself lasted until January 1973 (issues #212-218, then Tarzan Family #61). This is the only known comics version to date.
