"A beautiful, big-hearted book with important lessons embedded in compelling stories of two irresistible girls. Expertly executed and movingly realized." —New York Times Book Review Cammie McGovern follows up her breakout young adult debut, Say What You Will, with this powerful and unforgettable novel about learning from your mistakes and learning to forgive. Emily has always been the kind of girl who tries to do the right thing—until one night when she does the worst thing possible. She sees Belinda, a classmate with developmental disabilities, being attacked. Inexplicably, she does nothing at all. Belinda, however, manages to save herself. When their high school finds out what happened, Emily and Lucas, a football player who was also there that night, are required to perform community service at a center for disabled people. Soon Lucas and Emily begin to feel like maybe they're starting to make a real difference. Like they would be able to do the right thing, if they could do that night all over again. But can they do anything that will actually help the one person they hurt the most? Told in alternating points of view, A Step Toward Falling is a poignant, hopeful, and altogether stunning work that will appeal to fans of books by Jennifer Niven, Robyn Schneider, and Jandy Nelson.

"A unique and unforgettable love." —Teen Vogue John Green's The Fault in Our Stars meets Rainbow Rowell's Eleanor & Park in this beautifully written, incredibly honest, and emotionally poignant novel. Cammie McGovern's insightful young adult debut is a heartfelt and heartbreaking story about how we can all feel lost until we find someone who loves us because of our faults, not in spite of them. Born with cerebral palsy, Amy can't walk without a walker, talk without a voice box, or even fully control her facial expressions. Plagued by obsessive-compulsive disorder, Matthew is consumed with repeated thoughts, neurotic rituals, and crippling fear. Both in desperate need of someone to help them reach out to the world, Amy and Matthew are more alike than either ever realized. When Amy decides to hire student aides to help her in her senior year at Coral Hills High School, these two teens are thrust into each other's lives. As they begin to spend time with each other, what started as a blossoming friendship eventually grows into something neither expected.

The words we use and live by have a life of their own. They come, they go, they change. Learn what certain words mean in Scripture, and learn to live by the Word of God. Words, both written and spoken, allow us to communicate, but we do not always read or hear them in the same way. Meanings change over time, and some words really do lose something in translation. What does Abba, Father mean? What is edification? Knowing what words like fellowship, hope, and redeem mean will give you a better understanding of biblical teaching on salvation and Christian living.

This anthology comes from a poetry-inspired art event called Words Come to Life. The birth of this event was in the year 2016 in Bakersfield, CA. A vision came to life. Project Director, Diana Ramirez, asked writers to create poems on the theme of deserted. Once those poems were completed, she gave the poems to various artists. Those artists gained inspiration from those poems to create their art pieces. Words Come to Life! The night the poetry and artworks were exhibited, spoken word and live music also came alive. The goal of this event is to unite and connect to other artists and to the community. This event serves to raise money to create workshops in art, poetry, spoken word, and music for at-risk youth. By giving youth a positive outlet, we allow them to uniquely display their works of art. We want to build confidence and encourage youth to share their stories and creativity. A couple of poems in this book were written by at-risk youth and a couple of art pieces were created by at-risk youth. We do not disclose who is an at-risk youth—we want them to feel that they have contributed equally just as the other artists involved.For the event in 2017, we had writers from Kern Valley State Prison contribute their poetry. Another way we make connections and inspire throughout our community no matter the circumstances.

"Exciting and engaging vocabulary instruction can set students on the path to a lifelong fascination with words. This book provides a research-based framework and practical strategies for vocabulary development with children from the earliest grades through high school. The authors emphasize instruction that offers rich information about words and their uses and enhances students' language comprehension and production. Teachers are guided in selecting words for instruction; developing student-friendly explanations of new words; creating meaningful learning activities; and getting students involved in thinking about, using, and noticing new words both within and outside the classroom. Many concrete examples, sample classroom dialogues, and exercises for teachers bring the material to life. Helpful appendices include suggestions for trade books that help children enlarge their vocabulary and/or have fun with different aspects of words"--
