York Times bestselling authors and internationally acclaimed teachers—have joined together to share their knowledge on one of the most crucial obstacles to happiness we face—the shadow. These three luminaries, each with a signature approach, bring to light the parts of ourselves we deny but that still direct our life. For it is only when we embrace our shadow that we discover the gifts of our authentic nature. The shadow exists within all of us. It is a part of us and yet we spend most of our life running from it. But far from being scary, our dark side holds the promise of a better, more fulfilling life. Our shadow makes itself known every day. It is the reason we get furious over a friend showing up ten minutes late, yell at our parents or kids when they have done nothing wrong, and sabotage our own success at the worst possible time. Until we are able to embrace our dualistic nature, we will continue to hurt ourselves and those closest to us and fall short of our potential. Combining the wisdom of three experts, *The Shadow Effect* is a practical and profound guide to discovering the gifts of our shadow. These three authors powerfully pierce the veil of our unclaimed self, releasing us from the past and propelling us on a journey to wholeness. No longer living a half life, we are capable of achieving our dreams and reclaiming the happiness that is our birthright.

An elegant rendering of the great mystic's thoughts on the mysteries of the authentic life. This is a little book about soul freedom. It is a book about discovering the secret to all the things we most desire: contentment, meaning, peace of mind, and true freedom. This skillfully edited translation of selections from the writings of Meister Eckhart provides a roadmap to the spiritual life for contemporary seekers. Eckhart takes us on a journey of discovery; a journey in which we learn to let go, relinquish our need to know everything, and lose those things that we think are important for a life of worth. And in the end he shows us that the true secret is this: to find yourself, you must lose yourself. Here is timeless wisdom from a medieval mystic who has influenced a wide range of spiritual teachers and mystics both inside and outside the Christian tradition. Erich Fromm, Arthur Schopenhauer, Dag Hammarskjöld, Eckhart Tolle, Richard Rohr, D. T. Suzuki, Rudolf Steiner, and Matthew Fox have all credited Eckhart as being an important influence on their thought. In addition, his work has influenced the development of 20th-century American Buddhism and the Theosophical tradition. Divided into five sections - Seeking the Light, Facing Darkness, Risking Love, Knowing Nothing, and Embracing Everything - the book leads readers on the path to an authentic spiritual life. "Poet Burrows and scholar Sweeney collect meditations derived from the

writings of 14th century mystical Dominican friar Meister Eckhart in this moving selection of poetic interpretations based on his quotations. The authors have translated Eckhart's original sermons and academic texts, both from Latin and German into English and from prose into poetry. They consider their work a "carrying over" of his insights for readers "for whom the style of his writings might not be easily accessible." The book contains five loose sections with titles that suggest the paradoxical nature of Eckhart's work, including "Knowing Nothing" and "Embracing Everything." The meditation poems create a satisfying thematic arc if read from start to finish, or they can be selected at random as part of a meditation practice. While most of the poems feature God (and some specifically reference the Bible), the insights often speak to a broader spirituality, such as: "So you want to learn to love God? Well there is no particular way, since God is not to be found in any way..." These short poems, filled with the Dominican mystic's insight and levity, will make for a fine introduction to Eckhart's thinking. - Publishers Weekly

Oprah had a lightbulb moment when she connected with Debbie Ford's shadow work. Now, Debbie deepens our shadow work and shows how our shadow side holds the key to our happiness. Each of us has a shadow that whispers stories of our own self-defeating fears to us—for example: that we aren't enough, that we are unworthy of being loved, that we will be deserted by those whom we care about. Debbie guides us to hear those stories and find the positive message within each of them. She shows how understanding our own shadow side can lead us to lives of tremendous fulfillment and peace. Full of case studies and exercises, this book complements her first book on shadow work, which has sold almost half a million copies.
